

PETITION FOR LICENSE

To the City Manager of the City of Lebanon, New Hampshire:

Pursuant to RSA 231:161, _____, with a mailing address of _____ & _____, with a mailing address of _____, request(s) that a license to erect, install and thereafter maintain the following described poles, structures, and/or conduits together with wires, cables, and associated sustaining, strengthening and protecting fixtures, be granted across and/or under the following public right(s)-of-ways in said municipality:

A. Equipment Description

___ Pole, being numbered _____, or set of Poles, being numbered _____ and as shown on plan marked _____, dated _____, attached to and made a part hereof.

___ Underground conduit, being described as _____ and as shown on plan marked _____, dated _____, attached to and made a part hereof.

Anticipated attached equipment: The above-described pole(s) or conduit shall support the equipment of the following named providers:

B. Location Description

The equipment shall be located in the right(s)-of-way of the City highway described or named as _____, and more precisely located by the following method:

___ GPS coordinates and location, with reference to the NH Plane Coordinate system: _____;

___ Attached location plan or land survey; or

___ Plan as approved by the City of Lebanon Planning Board, which plan is recorded in the Grafton Registry of Deeds at Book _____ and Page _____

C. Nearest Licensed Structure

The above-described equipment installation will commence at an existing licensed utility structure described by the following location and license information: _____, and will terminate at an existing licensed utility structure described by the following location and license information: _____.

***** Please Note: In accordance with RSA 231:165, please submit a \$10.00 per license filing fee to the City of Lebanon. Check must accompany the Petition for License.**
